All-Weather Interactive LCD Touch Screen

Models 3220HD-TS and 4610HD-TS

Integrating SunBriteTV's all-weather outdoor technology with dispersive signal or surface acoustic wave touch screen technology, transforms our 32" and 46" TVs into all-weather interactive touch screen displays that resists rain, dust, insects and extreme temperature ranges.

These interactive touch screen displays can be mounted on SunBriteTV's optional weatherized wall mount and/or deck planter poles, or with your own custom kiosk or custom mounting solution.

For more information on Models 3220HD and 4610HD all-weather outdoor TV, see their respective Spec Sheets.

Interactive Touch Screen

Models 3220HD-TS and 4610HD-TS

Shown without detachable speaker module

Touch Screen
